

Connect Students

with Christ, the Church and the Community.

Youth Unlimited provides opportunities for students to connect with Christ, the Church and their community through the creation and implementation of SERVE mission trips across North America. Students on SERVE mission trips participate in revitalizing communities, showing compassion for the marginalized, providing recreation for children, performing acts of kindness and sharing the Gospel. Ultimately, SERVE is about connecting students with God and a local congregation in the renewal of all things. SERVE is not just a week-long trip. It's about transformation that lasts a lifetime! Please consider supporting Youth Unlimited.
